

Here are the correct answers for this CSS set:

1. **Indicate whether table cells share a single border or have distinct borders →**  
border-collapse  
✓ **Answer:** border-collapse
  2. **Rounded corners or borders →** border-radius  
✓ **Answer:** border-radius
  3. **How far apart table cell borders are →** border-spacing  
✓ **Answer:** border-spacing
  4. **CSS selector for elements that don't match →** :not selector  
✓ **Answer:** :not selector
  5. **Not a kind of combinator →** \* (it's a universal selector, not a combinator)  
✓ **Answer:** \*
- 

Do you want me to prepare the **full combined answer key** for all the HTML + CSS questions you've uploaded so far? That way it's one clean sheet.
